EDUCATION

BE in Information Science and Engineering

MVJ College of Engineering, Bengaluru, Karnataka

Graduation: 2028

CGPA: 8.1

TECHNICAL SKILLS

Languages : Java, C++, C#, Python, C

Web Technologies: HTML, CSS, JavaScript, JSP, Servlets

Tools : Git, GitHub, Maven, Apache Tomcat, Unity, Eclipse, VS Code

Databases : SQL, Mongo DB

Core Concepts : Object-Oriented Programming, Data Structures, Algorithms, Problem Solving

PROJECTS

AI Study Assistant

- Developed and deployed an AI-powered study assistant to improve learning efficiency.
- Focused on a clean user interface and practical usability.

Socionet

- Developed and deployed a decentralized socialmedia app.
- Focused on a clean user interface and practical usability.

Bookmark Management System

- Developed and deployed a Java-based web application to organize and manage bookmarks.
- Built using Java, JSP, Servlets, Maven, and H2 Database.

Shopping Cart Application

- Developed and deployed an e-commerce shopping cart with product management features.
- Implemented a responsive interface and backend logic.

Prim's Algorithm

- Developed and deployed a project to Find Electricity Distribution using Prim's Algorithm
- Implemented a responsive interface using HTML.

Unity Tower Defense Game (In Progress)

- Developing a 3D Tower Defense game using Unity and C#.
- Implementing enemy AI, wave management, tower placement, and gameplay mechanics.

CERTIFICATIONS

- | | |
|---|------------|
| • AI Tools workshop — <i>Be10x</i> | March 2026 |
| • Completion of Java Training — <i>EduPyramids</i> | April 2026 |
| • Java Servlet Basics and JSP — <i>Simplilearn</i> | May 2026 |
| • Software Engineer Intern — <i>HackerRanks</i> | July 2026 |

ACHIEVEMENTS

- Built and published multiple software projects on GitHub.
- Continuously improving problem-solving skills through programming and project development.

CAREER OBJECTIVE

Information Science Engineering student passionate about software development and backend engineering. Seeking internship opportunities where I can apply my programming skills, contribute to real-world projects, and further enhance my technical expertise.
